

**Granby Youth Service Bureau offers professional counseling services for children and families to address emotional, behavioral or mental health issues. We provide parenting support, family therapy, individual therapy, play therapy for children and school consultation. Services are provided by licensed marriage and family therapists, those in the process of licensure or Master's level MFT interns under supervision. We also offer referral assistance to help parents identify local providers and resources for adults, children and families. All services are professional and confidential.**
